

A stylized illustration featuring a rocket launching from a rocky, coastal landscape. In the foreground, a classical-style building with white columns and a blue dome sits on a green hill. The background transitions from a rocky shore with waves to a vast, colorful sky (blue at the top, orange in the middle, yellow at the bottom) filled with celestial bodies: a large blue planet on the left, a smaller brown planet with a ring on the right, and a distant white planet in the distance. A bright yellow plume of smoke and fire trails upwards from the rocket's base.

HACKER GUIDE

HAÇKNC 2019

Hello Hackers,

Congratulations once again for being accepted into HackNC 2019! We are all very excited to see you there October 12th-13th (maybe earlier for those of you arriving on October 11th)! Before that, however, there are a couple of "housekeeping" items that should be completed:

1) Make sure you RSVP here so that you can get t-shirts, stickers, and much more swag:

<https://hacknc.typeform.com/to/RpipBk>

2) Join the Slack as this will be the main source of communication before/during the hackathon! All announcements will be regularly posted in the slack! Make sure you join it with a screen name in this format: <Name> (<School>):

<https://tinyurl.com/hackslack19>

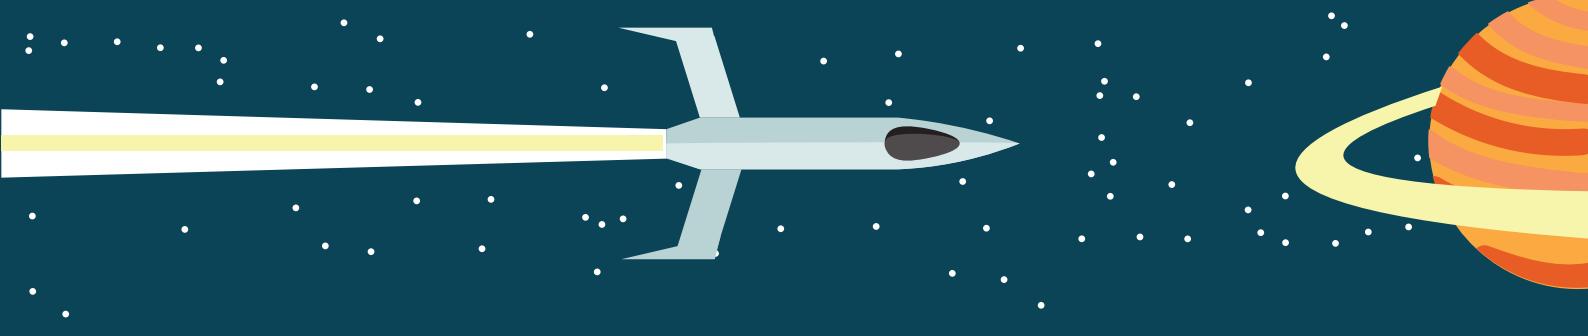

3) If you are worried about upcoming exams and are stressed that this hackathon may hinder you in any way, we are offering dedicated study spaces throughout the event equipped with students, staff, and access to tons of free food and drinks! Whether you're looking for group review sessions with your best friends or quiet spots for solo study, HackNC is committed to helping you succeed! We will do our best to accommodate requests for subjects/classes/specific topics, which can be entered here:

<https://tinyurl.com/studync19>

before you come this weekend! We have also attached a list of things that we recommend you bring and maps as well to help you find parking near the venue! We have also attached a page with all the FAQs, please note that if you have any other questions, you can contact us at hello@hacknc.com!

With Love,
The HackNC Team

For all communication day-of, including real-time updates, visit hacknc.com/live and check [Slack](#)

CHECKLIST

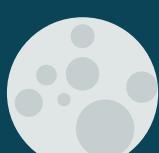

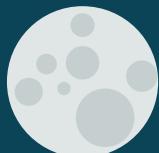

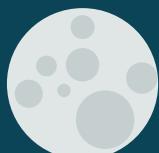

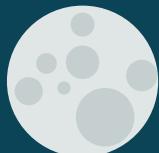

RSVP Here:

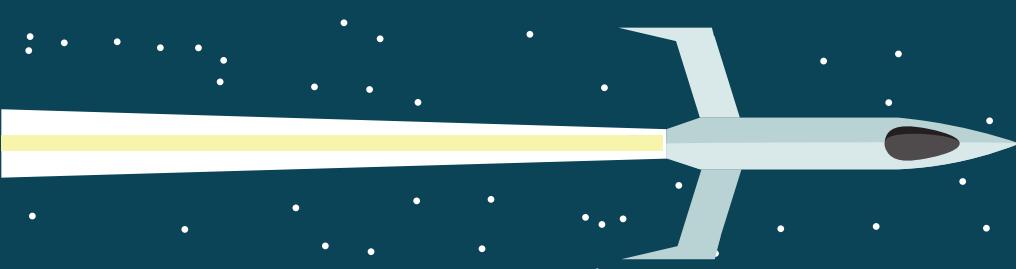

<https://hacknc.typeform.com/to/RpipBk>

Join the Slack!

Pack two forms of ID!

Fill out the study form

1pm	Lunch	Woollen Gym
1:30pm	Closing Ceremony	Hamilton Hall

ONCE YOU'RE HERE...

Finding A Team

If you find yourself teamless, don't worry! Join the [**#find-a-team**](#) slack channel or just mingle with your fellow hackers!

Sponsor Fair

The sponsor fair is for you to meet our sponsors! They'd love to connect with you and discuss opportunities, so don't forget your [**RESUME**](#) and a smile :)

Getting Help

Blast over to the [**#get-help**](#) slack channel to connect with mentors! They're here to help you with any problems you might run into.

Submissions

Our official submission portal is at hacknc2019.devpost.com. If you don't submit your project here by 11 AM Sunday, you won't be eligible for judging or prizes :(. Once you submit, you'll demo your project to our panel of judges! Keep your pitches short and sweet.

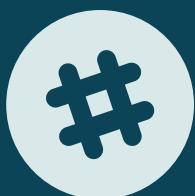

Food

During check-in, grab a [**wristband**](#) in order to get your food! Check the [**schedule for mealtimes**](#). Be courteous - don't go for seconds until everyone's had firsts.

Workshops

We have so many cool workshops lined up for you all! Come to meet sponsors, learn new skills, and have a good time. [**The workshop schedule is on our website**](#). Going to workshops will rack up attendance points, which give you special perks!

COMMUNICATIONS

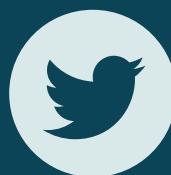

hacknc2019.slack.com

We use Slack as our main source of communication throughout the hackathon and leading up to it!

EDUROAM (preferred): If you already use **eduroam** at your local college or university, you will be able to automatically connect to UNC's **eduroam** network.
